

Curriculum Spotlight

CScope

CScope is a web-based formatted curriculum that provides TEKS aligned curriculum, assessment, and instruction components for Language Arts, Math, Science, and Social Studies.

The key components of the CSCOPE curriculum are:

- **A K-12 systemic model in the four core content areas**
- **Common language, structure, and process for curriculum delivery**
- **Aligned written, taught and tested curriculum**
- **Specified TEKS/STAAR expectations in a vertical alignment format**
