

Cameron Elementary School  
Principal's School Board Report  
January 26, 2026

**January 12-28** - Grades PK-4 Aimsweb/Fastbridge Testing - These are our district assessments we have students take three times a year. Students perform the test in the fall, winter, and spring. We are looking at the growth in the areas of math and reading. This also gives us a nationally normed score. Our All Aboard students do not take this test in the Winter but will complete other district assessments.

**January 7** - Our district Stronger Connection Grant meeting was held. This is a meeting when we look to try to meet the needs of our district community around the ideas of mental health, family involvement, etc....

**January 15** - Our Act 20 team met and we did a data dig into our grades 3 and 4 Forward exam data. The Forward exam is our state assessment for students in grades 3 and 4. We worked on identifying questions that we did not do well on and the standards they represent. We then will meet with the teachers in grades 3 and 4 and have discussions around areas that didn't go well on the test and areas the students did well on.

**January 26** - Our intervention team will be meeting to prepare for our grade level data meetings. We are looking at group and individual data to form intervention groups.

**January 27** - PBIS Tier 2 Meeting - This group looks at student behavior data

I would like to thank our entire custodial crew. They have been doing a great job keeping up with the inclement weather and making sure our building and grounds are ready for students and the community. They have also been working very hard to not only clean the school, but to disinfect as we try to keep the building healthy from our early viruses.

**Upcoming Events**

- |                  |                                                           |
