

We value your opinion and all that you do to support our school district. Our vision is to be the best school district in Mississippi and one of the top ten in the nation. This is the time of year we begin planning for the 2008-2009 school year.

We reflect on what's working and what isn't. Collecting and reviewing data will help us identify areas in need of improvement or expansion. We will use your suggestions as we evaluate our strategic plan and make adjustments to continue the tradition of excellence in our schools.

Please respond to the four questions on the reverse side and return to any school or the Central Office. If you prefer to respond electronically please go to:
