Ambassadors for Respect

A Program to Reduce Bullying and Build Community

The **Ambassadors for Respect (A4R) Program**, started in 2013, brings individuals with developmental disabilities, called Ambassadors, into 4th grade classrooms to teach students to **include others**, to **use Person First Language**, and to **advocate for themselves and others**. A collaboration with the Minnesota Governor's Council on Developmental Disabilities, the purpose of the program is to develop the self-advocacy of individuals with developmental disabilities and to **initiate or strengthen schools' bullying prevention efforts**.

German Students at STEAM

Arranged by Frau Dallman & Ms. Hanna

Students from Cambridge-Isanti High School have been visiting the Cambridge-Isanti STEAM 3rd Grade class to teach German lessons.

Throughout the lessons they have taught students greetings in German, songs, names of animals, colors, numbers up to 10, and how to play common children's games. They will continue visiting through the rest of the school year, and will work with the students to perform a fairy tale completely in German.
