

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomingdale, Illinois**

Regular Meeting January 28, 2019

FOR DISCUSSION:

Subject: Student Enrollment Projections

Each year, the Administration shares student enrollment projections in order to provide context toward any potential recommendations for adjustments in staffing levels in the District. Mr. Reiniche has prepared the projections for the Board this evening. Based on the data, it appears the District is engaged in a slow growth process that was illustrated a couple years ago in the thorough demographic analysis completed by Dr. Charles Kofren.

Total District enrollment was at 1235 students in 2012 and has increased to a high of 1412 students in September of this school year. Month to month enrollment data is always made available to the Board of Education and public in the For Your Information section of each monthly Board meeting agenda.
