Budget:

- Looked at the General budget for 2017-2018, we have not received the Title 1 budget yet, so will have to wait and see the difference in the Title 1 budget to see where we need to absorb in the General Budget.

School Improvement- “Beautification” and Safety

- There is a muralist that would like to come paint the Kelso Choice on the playground wall. He even thought maybe painting in an area that the kids can see the progress from beginning to end. Staff was wondering if there is a way to protect the mural that is in the cafeteria, since students lean on it and slide against the wall.
- Reviewed the possibility of having gates on the driveway to protect the grounds from vandalism.
