4E. Action Date: March 27, 2006

SUBJECT: HVAC TESTING AND AIR BALANCING

BOARD GOAL: Keller Independent School District facilities and services will

be operated in a safe manner so that all students and

employees may thrive in a secure and nurturing environment.

All systems in the Keller Independent School District will be effective, efficient, and accountable in support of the district's

mission.

FISCAL NOTE: Bond Funds

Background Information:

 Proposals for district-wide HVAC testing and air balancing projects, on an as-needed basis, were accepted by the District. These services require the expertise of specialists in this field and can not be completed by on-staff maintenance.

Administrative Considerations:

- Selection of HVAC testing and air balancing firms was made based on best value to the District.
- After reviewing qualifications from four companies, we are recommending that the District accept Delta-T Ltd. and Engineered Air Balance Co., Inc. for this service.

The administration recommends that the Board of Trustees approve HVAC testing and air balancing services of Delta-T Ltd. and Engineered Air Balance Co., Inc. on an asneeded basis.

Respectfully submitted,

Mark A. Canterbury, AIA District Architect
