Dear Mr. and Mrs. Kirschner:

On May 27, 2022, the School District received your request for records, as follows:

*Administrative Contracts: Any and all employment and/or personnel agreements and/or contracts with current administrators, including but not limited to Superintendent Edward Condon and Director of Student Services Deborah Lubeck.*

*Policy Communications: Any and all written communications (whether email, letter, memo, or other) by and between Superintendent Edward Condon and Director of Student Services Deborah Lubeck pertaining to D90 policy for the approval or denial of student eligibility for special education services.*

*Budget Records: Any and all budget records for the last five (5) years which reflect D90 expenditures on legal fees to the law firm of Engler Callaway Baasten & Sraga, LLC, specifically relating to representation in contested special education services and eligibility determination proceedings, whether 504, IEP, due process, mediation, or trial.*

*Budget Records: Any and all budget records for the last five (5) years which reflect all specifically earmarked and actually spent sums on special education services for D90 students, excluding D90's fees for legal services, itemized by staffing position, type or nature of service provided, and within-district vs outside service provider vs in-home service, etc.*

*Aggregate Data: Any and all records or documents reflecting aggregate data for the last five (5) years as to the total number of D90 students who sought special education eligibility, further reflecting the number of students who were initially approved versus denied eligibility, as well as the number of students who were initially denied but later approved following reconsideration, due process, mediation, or trial.*

While the School District attempts to process all such requests as expeditiously as possible, we anticipate a delay in processing your request for the reason or reasons checked below:

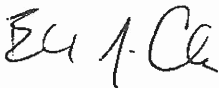

***Excellence in Education: A Continuing Tradition***

- The requested records are stored in whole or in part at locations other than the office having charge of the records.
- The request requires the collection of a substantial number of specified records.
- The request is couched in categorical terms and requires an extensive search for the requested records.
- The requested records have not been located in the course of routine search and additional efforts are being made to locate them.
- The requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure or should be revealed only with appropriate deletions.
- The request for records cannot be complied with by the District within the time limits set forth in the Illinois Freedom of Information Act without unduly burdening or interfering with the operations of the District.
- There is a need for consultation, which will be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.

This extends the response deadline by five (5) business days, to June 13, 2022. If you have any questions regarding the content of this correspondence, please contact the School District's Administrative Office for assistance.

Sincerely,

RIVER FOREST SCHOOL DISTRICT NO. 90
