PROJECT NARRATIVE

A photograph of a modern building with a large glass facade and a curved roof. The building has a grid-like pattern of windows. In the foreground, there is a paved area with some people walking. The text "PROJECT NARRATIVE" is overlaid in white, bold, sans-serif font across the center of the image.

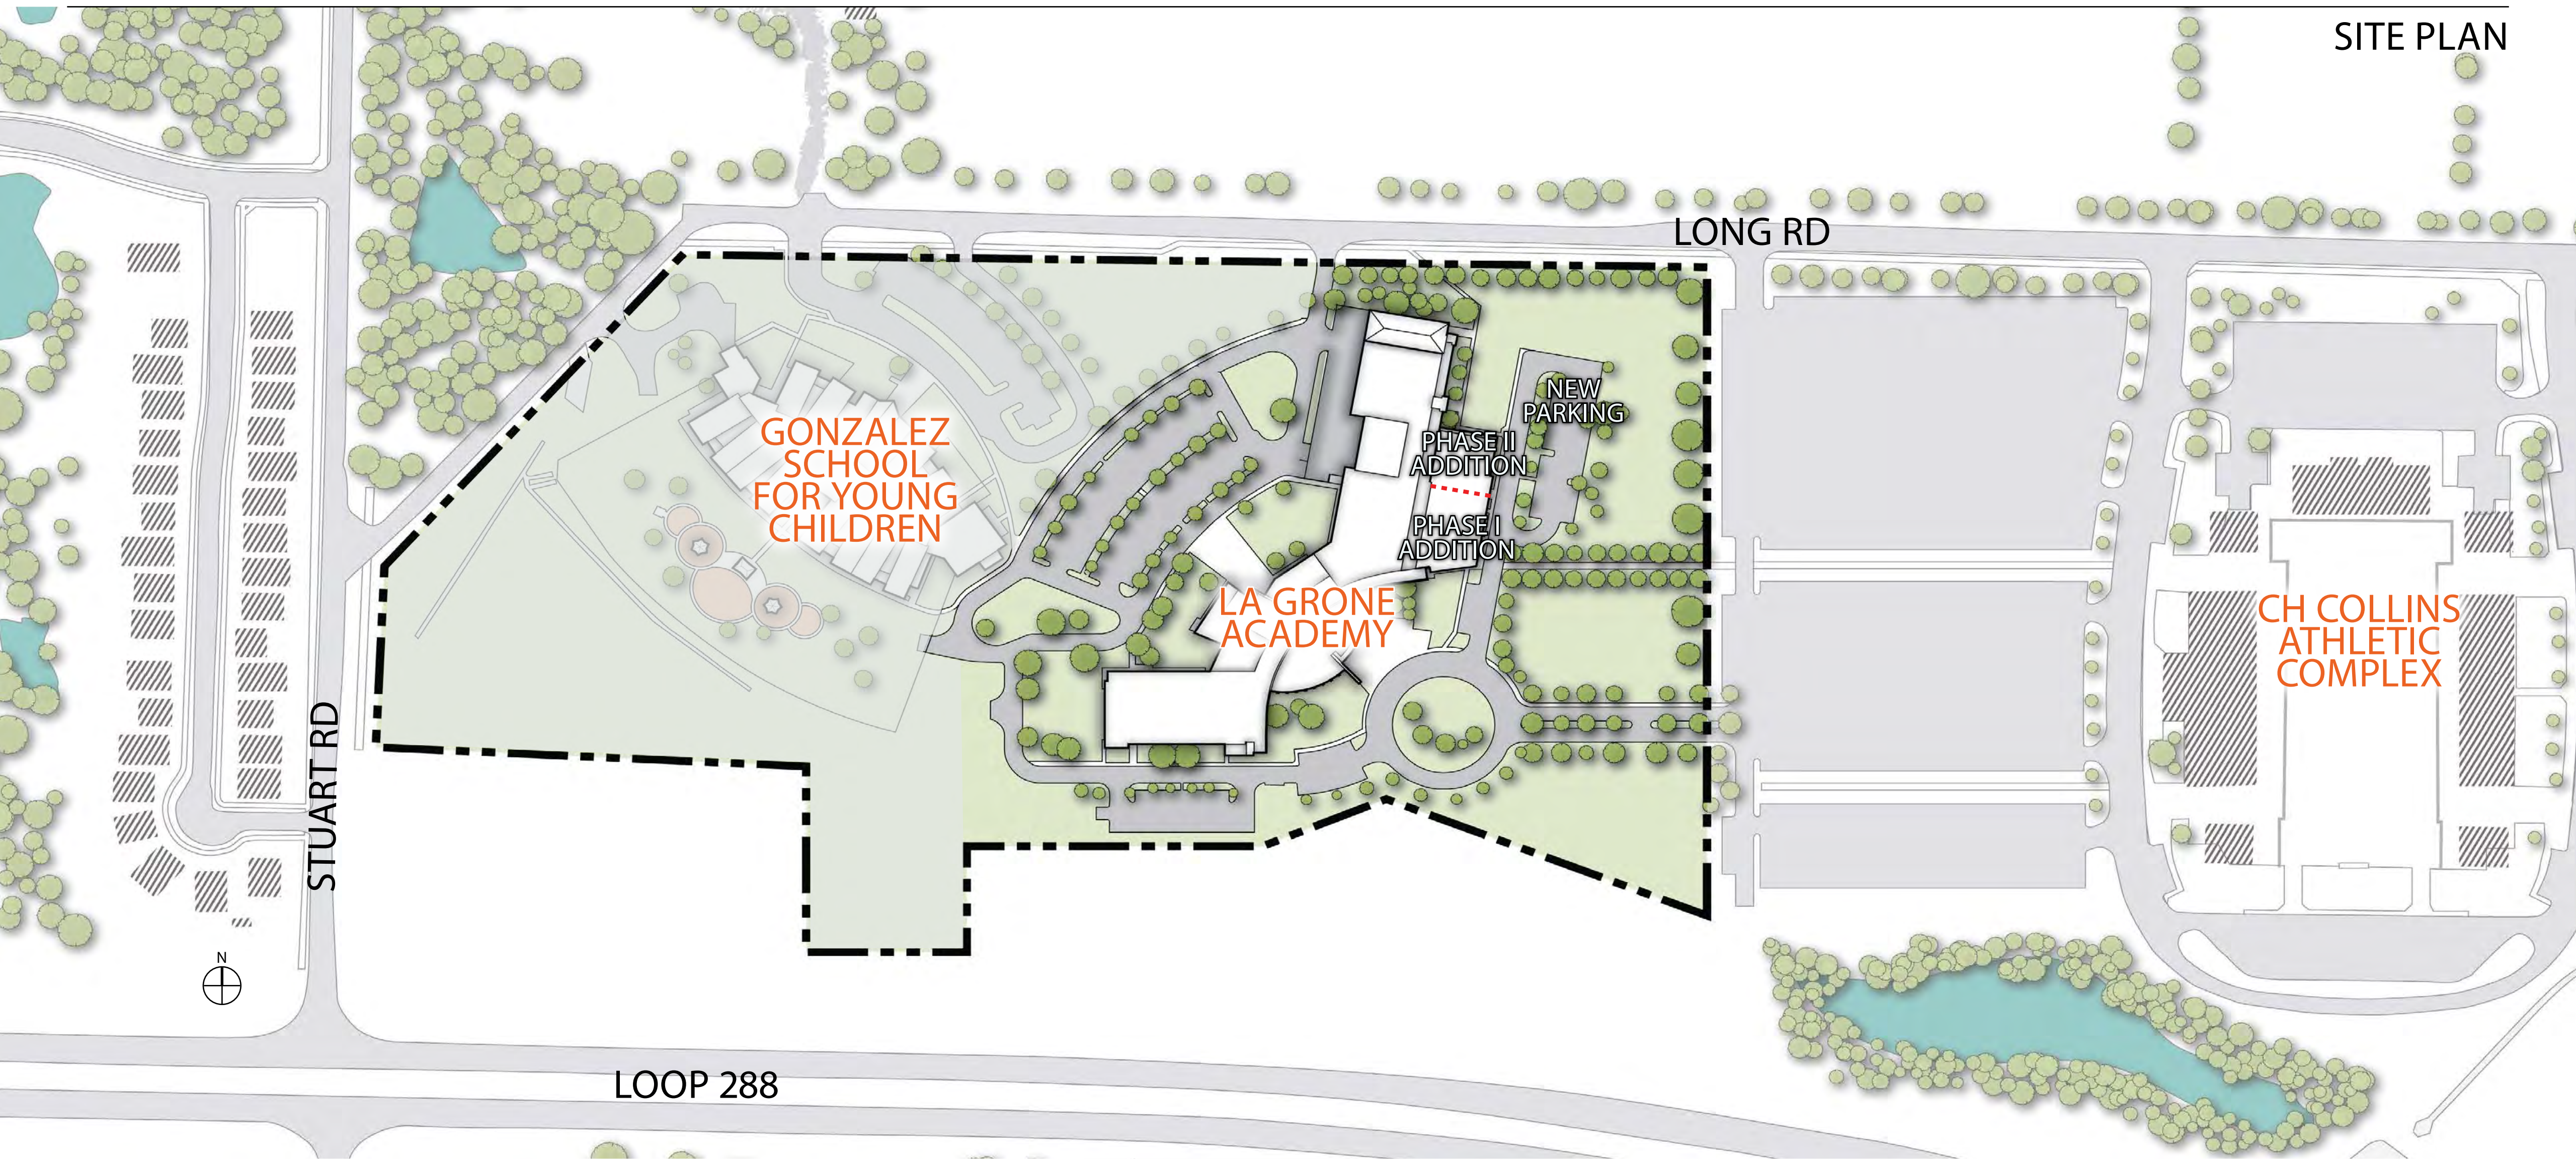

LA GRONE ACADEMY ADDITIONS & RENOVATIONS

PROJECT NARRATIVE

- May 5, 2018, the Denton ISD community approved a \$750.5 million capital improvement plan to address the district's facility needs for existing and new facilities in Denton ISD for the next several years.
- La Grone Academy Addition
- Project Completion: Fall 2023
- Architect: VLK Architects, Inc.
- CM@Risk: Steele & Freeman, Inc.
- The addition to La Grone Academy will allow for an increase in student capacity through at a minimum an addition of one culinary lab, one cosmetology lab, one life science lab, and six classrooms. The addition of these spaces provides instructional space for 172 additional students while providing spaces for core academic courses. These core academic spaces are necessary to provide for students who desire to attend La Grone Academy as their home campus.

LA GRONE ACADEMY ADDITIONS & RENOVATIONS
SITE PLAN

A person with curly brown hair and a light blue face mask is working on a VEX robot chassis. The robot has a breadboard with electronic components and several green gears. The person is wearing a grey and white patterned shirt. The background is a workshop or lab with a wooden floor and a white ceiling.

COSMETOLOGY

A large group of diverse students is walking through a modern school hallway. The students are dressed in casual attire, including t-shirts, jeans, and hoodies. Some are looking towards the camera, while others are looking away. The hallway features large white columns and a floor with a geometric pattern of red, grey, and black tiles. The text "NEXT STEPS" is overlaid in the center of the image in a large, white, sans-serif font.
