

Brackett Junior High Scholar of the Month

The faculty of the Brackett Junior High have selected eighth grade student Nadia Rodriguez as scholar of the month. We feel she represents the best qualities of an exemplary student of which we try to prepare for the challenges and expectations of a successful high school career. She is an A student, involved in athletics, and a U.I.L. participant in several areas of study. She is always considerate, polite, and eager to do her best in every class. Nadia is deserving of the honor of scholar of the month. Nadia is the daughter of Jaime and Irma Rodriguez.
