

Board Report  
Christine Ketterling  
Federal Programs Director  
October 5, 2023

### **Securing our Future Grants**

All three of our building safety grants have been approved. We will be having the additional cameras, keyless entrees, and doorbells installed in the coming months. Each building received the full \$20,000 grant amount.

### **Waypoint Conference**

Several high school staff members and I were able to attend the Waypoint Conference in Boise this week. The conference focuses on college and career readiness and had several great breakout sessions to attend. The conference included information on advanced opportunities, workforce training, FAFSA, and the new Idaho Launch scholarship.
