

Vision97 4ALL Plan: Community Learning Session

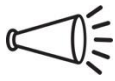

Challenging and Engaging All Students

Tuesday, January 23, 2018

6:00 p.m. to 7:15 p.m.

D97 Administration Building

260 Madison Street

Please join me and the District 97 school board for our next community learning session: **Challenging and Engaging All Students**. During this session, Eboney Lofton, Amy Warke, and other D97 staff will share information and examples of how we are challenging our beliefs and actions about students' ability to meet high expectations, and how we are communicating those high expectations to our students (L1) through our initiatives.

Come hear our staff and students describe how our co-teaching pilot and master schedule redesign efforts are supporting every District 97 student to become a **confident and persistent achiever**. In addition to these presentations, the January 23, 2018 Board of Education agenda will feature written reports highlighting our plans to give our students access to challenging, engaging instruction that reflects students' knowledge, learning styles, and cultural backgrounds.

This session on January 23, 2018 will provide community members with an opportunity to learn more about the activities and initiatives being undertaken in our schools to help create a positive learning environment for all students that is equitable, inclusive and focused on the whole child. Please share this announcement with your friends and neighbors. In addition, please visit <http://www.op97.org/about/vision> to learn more about the district's Vision97 4ALL plan.
