

**DUPAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois
Regular Meeting May 22, 2023**

FOR DISCUSSION

Subject: Extra Duty Offerings for 2023-2024

Attached is a list of the offerings by building of the extra duties for next year. For this upcoming year, principals will have building based budgets for extra duty assignments. The determination of the personnel who will be given these extra duties will be made this fall and will be in the Board of Education's Personnel Annotations in the Consent Agenda.

One of the mechanisms used to determine the amount of the stipend for the coming year is based on the number of students involved in the activity. Many of the offerings from years past were made without taking into account student interest. Principals were encouraged to keep some of their budget uncommitted to a particular assignment in the event a new extra duty based on student interest were to be created during the fiscal year.

Both Ms. Varhalla and I are available to answer any questions you may have on the information that has been presented this evening.
