RE:

Surplus Salvage Sale

Date:

September 16, 2009

Attached is a list of salvage equipment and furniture that no longer is serviceable by the school district. These items were retrieved from different campuses / departments and declared damage, unsafe, and unusable. I have also provided memos from Food Service and Transportation departments who have submitted items for the auction of October 3, 2009.

#### RESOLUTION

WHEREAS, the United Independent School District Board of Trustees declares that the property described on the attached list of personal property be declared surplus and not usable to the District,

WHEREAS, The Texas Education Code 11.151 (c) states, "The trustees may, in any appropriate manner, dispose of property that is no longer necessary for the operation of the school district",

WHEREAS, United ISD Policy CI (Local) and administrative procedures prescribe the manner of the sale and disposition of surplus property,

WHEREAS, be it further resolved that the Superintendent is directed to dispose of the said property, using one of the following methods:

- 1. To the Highest bidder, after advertisement in a newspaper of general circulation at least one week before the closing of sealed bids;
- 2. By public auction after publication as described above;
- 3. The Superintendent or designee may reject all bids;
- 4. Should any of the disposal methods described above fail to result in the disposal of the property, the property may then be disposed of in the following manner:
- (a) In a District-run informal auction, to the highest bidder, without the necessity of a newspaper advertisement, after posting written notice of the date, hour and place of the auction, and the giving of a general description of the property, in a place readily accessible to the general public at all times for at least 72 hours before the scheduled time of the auction;
- (b) If the property is not disposed of after the informal auction, the Superintendent or designee is hereby authorized to either (i) keep the property and dispose of it at a later time; or (ii) sell the property that has value, on a first-come-first-serve basis, after notice to the public as aforesaid, and (iii) give away aforesaid, or (iv) scrap the property that has no value to the District in an authorized dumpsite;
- (c) Except, however, property described in (a) and (b) above, that has been determined by the Superintendent or designee to have intrinsic value to the District that exceeds the cost to the District of retaining it in storage or elsewhere may not be given away or scrapped. Property that has less value than the cost of retaining it shall be considered for purposes of subsection (b) above as having "no value".

BE IT RESOLVED by a majority vote of the United Independent School District Board of Trustees at a lawfully called meeting of the Board on September 16, 2009
