Superintendent Crider recognized district staff for their professionalism and continued focus on students amid staffing and class size adjustments related to declining enrollment and budget stabilization. An update was provided on the Port Theater, noting that after a higher counteroffer, the district determined the purchase no longer aligned with financial priorities and will step away from the opportunity. He also reported that final paperwork was received regarding the sale of 10.10 acres on Viking Lane to BPA. With approval from the board chair, the agreement has been executed, and district legal counsel will continue working with BPA on next steps, including drafting a construction and access maintenance easement. The sale will provide additional capital improvement funding and support the development of a trail system on the remaining land at North Bay Elementary School. An operational levy update was shared, including staff survey results, discussions with union leadership, and plans to bring further information to the board in February regarding a potential May ballot measure. Special recognition was given to Certified and Classified Union Representatives, Eva Varga and Marti McAllister, and to Gary Prince for serving as interim assistant principal at the high school and the middle school.
