EIA (REGULATION)

ELIGIBILITY

Students in an advanced placement, international baccalaureate courses or in an honors or dual credit course in English, language arts, mathematics, science, social studies, economics or a language other than English, shall be exempt from no pass, no play provisions. This provision shall include dual credit courses in English, language arts, mathematics, science, social studies, economics, or a language other than English taught off campus or a dual credit course taught on the High School campus by university or community college personnel.

The evaluation periods for eligibility are as follows:

1. Grades of all students shall be checked at the end of the first six weeks of school.
2. Grades of ineligible students will be checked on a three week frequency following the first six weeks of school.
3. Students' eligibility status becomes effective seven days after the end of the grade evaluation period. The same rule applies if an incomplete "I" is on record. Students with an incomplete regain their eligibility when the "I" is replaced with a passing grade in the records office or the appropriate school personnel notified.
