Attendance

As a school, we have 94.3% attendance for the current year. Every week our attendance team identifies students with less than 85% attendance. We work to intervene (attendance letters, parent calls, mentors, schedule changes, etc...) with these students in an effort to get their attendance above 90%.

Winter SICA (ISAT) Testing

Our staff and students will begin their winter Shorted Interim Comprehensive Assessment (SICA - ISAT) on December 11th through January 11th. On January 19th, our staff will be analyzing and developing action plans based on the results of this assessment.

Staff Professional Development

Recently our staff has been able to use time allotted through Monday Staff Professional Development and Friday Staff Inservice Days to further our professional development with a staff wide book study as well as reviewing/examining our current Positive Behavior Intervention Systems (PBIS).
