TCLB-001	Tech Check Professional Services	\$40,475.00	1	\$40,475.00
Tech Check will partner with our trusted cabling and installation partner, AVSG, to pull cable and install various new IP cameras throughout the district. Included in PDF format is a layout of each of the floors, where we highly recommend getting new IP cameras for optimal coverage. • (47) new interior dome cameras • (5) new multisensor cameras for outdoor 270-degree coverage on corners. • (2) new 360-degree cameras for the commons and the area above the water fountain per staff member request • Various relocations of existing cameras that can be used in other locations of the building. New perpetual licenses will have to be purchased for the new IP cameras since most of them are analog and running off the encoder licenses that were previously ordered. This does not include the demolition of existing cameras in the ceiling. Dan from Tech Check will configure and IP each of the cameras, add them to your WAVE system, and assist with making sure cameras are aimed properly. Lift Rental (if needed) not included in price.				

Subtotal: **\$40,475.00**
