Proximity to my home

I currently live .31 miles from the school; my boys ride their bikes to school. It was be nonsensical to have them attend another school.

I prefer to stay in the neighborhood- rather than crossing a busy 4 lane street. My kids won't be able to enjoy walking to school

Safety. Convenience

Proximity to home

The traffic is so unreliable, that the further away from your home you have to travel, the travel time could drastically change from day to day

Being close enough to home so that it's not a far drive or bus ride, as well as being close to the other neighborhoods that are zoned.

Kids shouldn't have to have an hour long bus ride or no friends in close neighborhoods

It's baffling to me that we are zoned for DHS living in Robinson Oaks. Takes me 30-40 minutes to go to DHS where Guyer is walking distance

Because it severely impacts our quality of life wasting precious time driving in traffic
