The image features a central black rectangular area with white text. This central area is framed by two vertical panels of red, vertically-pleated curtains that appear to be pulled back, revealing the black background. The curtains have a slight gradient and shadow, giving them a three-dimensional appearance.

“We feel very strongly that every child who wants to be involved should be given that chance...and that we will find the absolute best part for them.”

—Dr Mac

The background features a stage with red curtains. Two spotlights from above cast beams of light onto the center of the stage, creating a dark, shadowed area where the text is located. The curtains are draped and have a slight sheen.
