

Investing in Our Future: Partnership with Verizon Innovative Learning Schools

April 15, 2025

Presented by

JENNIFER EBERLY
CHIEF ACADEMIC OFFICER

CHRIS LAIRSEY
DIRECTOR OF DIGITAL
LEARNING & LIBRARY SERVICES

Their Future is Our Focus

Empowering Tomorrow's Leaders

- Grounding in our district Vision & Mission
- Technology and our students' evolving future
- 21st Century skills

Verizon Innovative Learning Schools

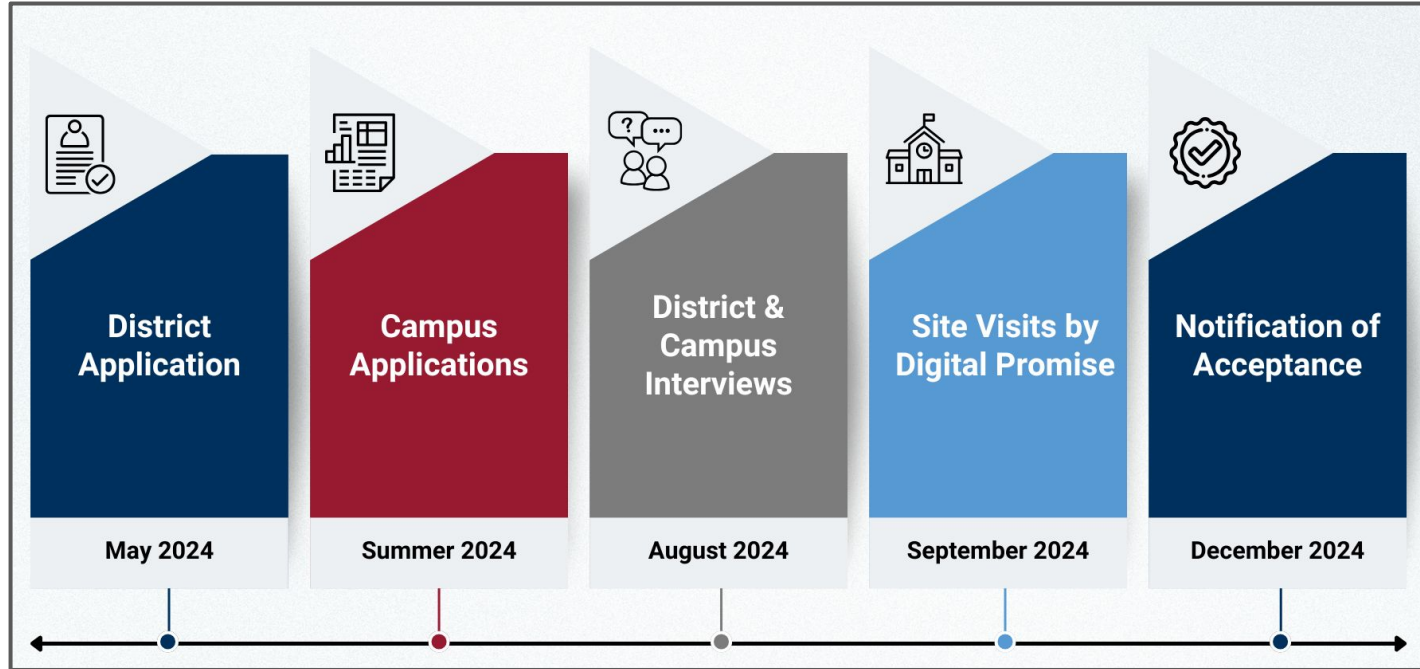

A Strategic Partnership

The Verizon logo, consisting of the word "verizon" in a bold, red, sans-serif font.

- Verizon in partnership with Digital Promise work side-by-side with schools and districts to transform learning
- Direct alignment with existing goals
- Structured support and pathway to building leadership capacity at all levels
- Opportunity to build a strong foundation across the district

Our Journey to Cohort 12

From Application to Acceptance

Validation of Our Efforts

When Visitors See the Hard Work

- Site visits allowed visitors to see existing practices and give feedback
- Complimentary of strong technology practices in place
- Effectiveness of campus/district BootUp Technology Steering Committees
- Overall mindset around the importance of transformative technology integration

We're In!

Bastrop ISD Joins VILS Cohort 12!

Bastrop Middle School & Cedar Creek Middle School
accepted into Cohort 12 of Verizon Innovative
Learning Schools partnership!

Expanding the Impact

District-wide Opportunities

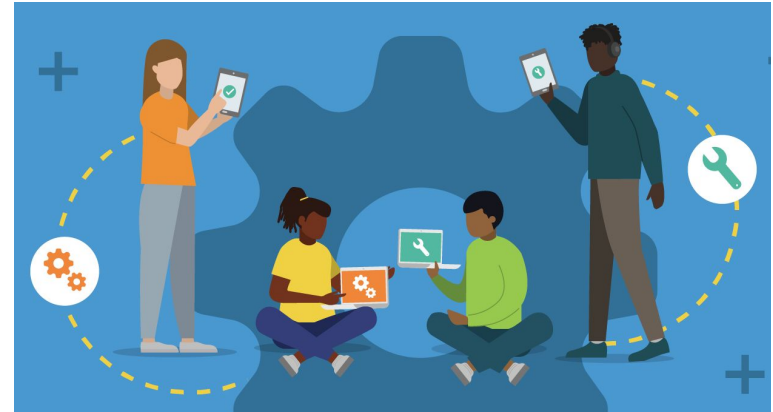

- Expedited application opportunity for future cohorts
- Implementation at BMS and CCM will help us gain experience and improve practices across the district
- Long-term vision to expand this opportunity to more students

Partnership Benefits

Connecting Back to Our “Why”

- 5G Connectivity-enabled devices for all students and teachers
- Comprehensive leadership training for administrators and teachers
- Teacher Leader Corps develops teacher capacity and sustainability
- Development of Student Tech Team to empower future leaders
- Funding support for Technology Integration Coach position
- Funding to increase IT Support capacity

Next Steps and Beyond

Seizing the Opportunity

- BMS & CCM in planning phase for full implementation in the 25-26 School Year
- 2 year partnership with opportunity for additional 2 year expansion
- Our goal is to be a model, stand out leader in transformative technology integration and leadership development

Thank You for Listening
