April Policy Meeting – Local Review of Policy

Policies 1:20, 2:150, 4:50, 4:55, 5:125, and 6:190 are back from attorneys with suggested language changes considered, approved, and reflected on the attached.

REMAINING INTERNAL REVIEW OF POLICIES

Policy Number	Issue or Item to Discuss Re: Current Policy	Superintendent Recommendation
6:280	We do not regularly hold back or use this process	Retention is proven to actually inhibit academic growth. We have not done so since I have been here and would be hard pressed to be convinced it is in the best academic interest of most kids. Therefore, I think the policy needs review
5:230	Removal of student language is troubling to me	To be read in its entirety and discussed — my issue is noted in the previous column
7:190	Student handbook is created at building level and shared with BOE – not from Superintendent and to define what distributed means	If the BOE is ok with this process, we just have a little wordsmithing to do
7:200	Would suggest we clean up suspension appeal language	Very vague and ambiguous. Puts a lot of pressure on the BOE and does not provide clarity for admin or parents. My suggestion would be that any suspension can be appealed to the Supe. If the Supe denies, it can be brought to the BOE. In ALL cases, the student will serve the consequence — the question is whether or not it is removed from their record
7:240	Extra-curricular drug testing no longer in place and complete review of the TARGET program	Either we need to pay up or take out
7:290	Full suicide prevention program to be in place	COMPLETED – No work necessary
7:250	Building level student support committees must be in place	Counselors are working on this

7:300	Refers to local drug testing program	Same as above
7:302	Does not match BOE approved changes in handbook	Switch to match the approved handbook changes
8:20	Says non-profits to NOT be charged during regularly scheduled staff hours – currently we charge a nominal fee // BOE policy does not match accompanying AP materials	Discussion worthy

Use of Credit and Procurement Cards

The Superintendent and employees designated by the Superintendent are authorized to use District credit and procurement cards to simplify the acquisition, receipt, and payment of purchases and travel expenses incurred on the District's behalf. Credit and procurement cards shall only be used for those expenses that are for the District's benefit and serve a valid and proper public purpose; they shall not be used for personal purchases. Authorized users ("cCardholders") are responsible for adhering to District's purchasing procedures and for exercising due care and judgment and for acting in the District's best interests.

The Superintendent or designee shall manage the use of District credit and procurement cards by employees. —District credit and procurement cards are maintained in the District's Administrative Office and are under the control of the Superintendent. The Superintendent shall establish a sign-out system under which cardholders, upon signing out a card, will be required to provide, among other things, an estimate of the expense for which the card will be used. It is the Board's responsibility, through the audit and approval process, to determine whether District credit and procurement card use by the Superintendent is appropriate.

In addition to the other limitations contained in this and other Board policies, District credit and procurement cards are governed by the following restrictions:

- 1. Credit and/or procurement cards may only be used to pay certain job-related expenses or to make purchases on behalf of the Board or District or any student activity fund, or for purposes that would otherwise be addressed through a conventional revolving fund.
- 2. The Superintendent or designee shall instruct the issuing bank to block the cards' use at unapproved merchants.
- 3. Each cardholder, other than the Superintendent, may charge no more than \$500 in a single purchase and no more than \$1000 within a given month without prior authorization from the Superintendent.
- 4. The Superintendent or designee must approve the use of a District credit or procurement card whenever such use is by telephone, fax, and the Internet. Permission shall be withheld when the use violates any Board policy, is from a vendor whose reputation has not been verified, or would be more expensive than if another available payment method were used.
- 5. The consequences for unauthorized purchases include, but are not limited to, reimbursing the District for the purchase amount, loss of cardholding privileges, and, if made by an employee, discipline up to and including discharge.
- 6. All cardholders must sign a statement affirming that they are familiar with this policy.
- 7. The Superintendent shall implement a process whereby all purchases using a District credit or procurement card are reviewed and approved by someone other than the cardholder or someone under the cardholder's supervision.
- 8. Cardholders must submit the original, itemized receipt to document all purchases.
- 9. No individual may use a District credit or procurement card to make purchases in a manner contrary to State law, including, but not limited to, the bidding and other purchasing requirements in 105 ILCS 5/10-20.21, or any Board policy.
- 10. The Superintendent or designee shall account for any financial or material reward or rebate offered by the company or institution issuing the District credit or procurement card and shall ensure that it is used for the District's benefit.

Extracurricular and Co-Curricular Activities

Extracurricular or co-curricular activities are school-sponsored programs for which some or all of the activities are outside the instructional day. They do not include field trips, homework, or occasional work required outside the school day for a scheduled class. "Co-curricular activity" refers to an activity associated with the curriculum in a regular classroom and is generally required for class credit. "Extracurricular activity" refers to an activity that is not part of the curriculum, is not graded, does not offer credit, and does not take place during classroom time; it includes competitive interscholastic activities and clubs.

The Superintendent must approve an activity in order for it to be considered a District-sponsored extracurricular or co-curricular activity, using the following criteria:

- 1. The activity will contribute to the leadership abilities, social well-being, self-realization, good citizenship, or general growth of student-participants.
- 2. Fees assessed students are reasonable and do not exceed the actual cost of operation.
- 3. The District has sufficient financial resources for the activity.
- 4. Requests from students.
- 5. The activity will be supervised by a school-approved sponsor. All coaches, sponsors and other individuals who are not already employees of the Board who will have direct contact with students shall be required to submit to a criminal background check by the Board or the Board's designee. The Superintendent shall establish procedures and criteria for approval.

Non-school sponsored student groups are governed by School Board policy, 7:330, Student Use of Buildings - Equal Access.

Academic Criteria for Participation

For students in kindergarten through 8th grade, selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Students must satisfy all academic standards and must comply with the activity's rules and the student conduct code.

For high school students, selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Participation in co-curricular activities is dependent upon course selection and successful progress in those courses. In order to maintain eligibility students will only be allowed to receive one failing grade on the weekly report. Students will need to have a GPA calculated by the grades received during the previous semester of a 2.0 or higher and no failing grades. Eligibility guidelines established in the Activity/Athletic Handbook, and approved annually by the Board will be implemented and monitored by the high school administration.

Grading and Promotion

The Superintendent shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the Illinois Partnership for Assessment of Readiness for College and Careers (PARCC) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

Maintaining Student Discipline

Maintaining an orderly learning environment is an essential part of each teacher's instructional responsibilities. A teacher's ability to foster appropriate student behavior is an important factor in the teacher's educational effectiveness. The Superintendent shall ensure that teachers, other certificated employees, and persons providing a student's related service: (1) maintain discipline in the schools as required in the School Code, and (2) follow the School Board policies and administrative procedures on student conduct and discipline.

A teacher may remove any student from the learning setting whose behavior interferes with the lessons or participation of fellow students. A student's removal must be in accordance with Board policy and administrative procedures.

Teachers shall not use disciplinary methods that may be damaging to students, such as ridicule, sarcasm, or excessive temper displays. Corporal punishment (including slapping, paddling, or prolonged maintenance of a student in physically painful positions, and intentional infliction of bodily harm) may not be used. Teachers may use reasonable force as needed to keep students, school personnel, and others safe, or for self-defense or defense of property.

The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

- 5. Return of property or restitution for lost, stolen, or damaged property.
- 6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
- 7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
- 8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
- 9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
- 10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.
- 11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
- 12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.

7:190 Page 4 of 7

- 13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
- 14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "lookalikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

School staff members shall not use isolated time out and physical restraints other than as permitted in Section 10-20.33 of the School Code, State Board of Education rules, and procedures developed by the Superintendent. Neither isolated time out nor physical restraints shall be used to discipline or punish a student.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

- 1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
- 2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a

7:190 Page 5 of 7

period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or inschool suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

Suspension Procedures

In-School Suspension

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

- 1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
- 2. Students are supervised by licensed school personnel.
- 3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

- 1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
- 2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
- 3. An attempted phone call to the student's parent(s)/guardian(s).
- 4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
 - d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
 - e. Depending upon the length of the out-of-school suspension, include the following applicable information:
 - i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
 - a) A threat to school safety, or
 - b) A disruption to other students' learning opportunities.
 - ii. For a suspension of 4 or more school days, an explanation:

7:200 Page 1 of 2

- a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
- b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
- c) That the student's continuing presence in school would either:
 - i) Pose a threat to the safety of other students, staff, or members of the school community, or
 - ii) Substantially disrupt, impede, or interfere with the operation of the school.
- iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.
- 5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.
- 6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

Conduct Code for Participants in Extracurricular Activities

The Superintendent or designee, using input from coaches and sponsors of extracurricular activities, has developed a conduct code, *The Target Program*, for all participants in extracurricular activities consistent with School Board policy. The conduct code shall: (1) require participants in extracurricular activities to conduct themselves as good citizens and exemplars of their school at all times, including after school, on days when school is not in session, and whether on or off school property; (2) emphasize that hazing and bullying activities are strictly prohibited; and (3) notify participants that failure to abide by it could result in removal from the activity. The conduct code shall be reviewed by the Building Principal periodically at his or her discretion and presented to the Board.

Participants in extracurricular activities must abide by the conduct code for the activity and Board policy 7:190, *Student Behavior*. All coaches and sponsors of extracurricular activities shall annually review the conduct code with participants and provide participants with a copy. In addition, coaches and sponsors of interscholastic athletic programs shall provide instruction on steroid abuse prevention to students in grades 7 through 12 participating in these programs.

Extracurricular Drug and Alcohol Testing Program

The District maintains an extracurricular drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent(s)/guardian(s) must consent to having the student submit to random drug and alcohol testing in order to participate in any extracurricular activity. Failure to sign the District's "Random Drug and Alcohol Testing Consent" form will result in non-participation.

If a test is "positive," the student will not participate in extracurricular activities until after a "follow-up" test is requested by the Building Principal or designee and the results are reported. The Building Principal or designee will request a "follow-up" test after such an interval of time that the substance previously found would normally be eliminated from the body. If this "follow-up" test is negative, the student will be allowed to resume extracurricular activities. If a "positive" result is obtained from the "follow-up" test, or any later test, the same previous procedure shall be followed.

The Superintendent or designee shall develop procedures to implement this policy. No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Performance Enhancing Drug Testing of High School Student Athletes

The Illinois High School Association (IHSA) prohibits participants in an athletic activity sponsored or sanctioned by IHSA from ingesting or otherwise using any performance enhancing substance on its banned substance list, without a written prescription and medical documentation provided by a licensed physician who evaluated the student-athlete for a legitimate medical condition. IHSA administers a performance-enhancing substance testing program. Under this program, student athletes are subject to random drug testing for the presence in their bodies of performance-enhancing substances on the IHSA's banned substance list. In addition to being penalized by IHSA, a student may be disciplined according to Board policy 7:190, Student Behavior.

The Target Program

Statement of Philosophy

Stillman Valley High School recognizes the use of alcohol, tobacco, and drugs as a significant health problem for many students, resulting in negative effects on behavior, learning, and the total development of each individual. The misuse and abuse of alcohol, drugs, and tobacco for some students affects academic growth, achievement, activities participation and the development of related skills. Others are affected by the misuse and abuse by family, teammates, schoolmates, or significant persons in their lives.

Stillman Valley High School, along with the National Federation of High School Associations, believes the close contact of coaches/advisors to students in activities provide a unique opportunity to observe, confront, and assist them.

It is the philosophy of Stillman Valley High School that students should be encouraged and supported in their efforts to develop and maintain an alcohol, drug, and tobacco free lifestyle.

<u>Purpose</u>

The purpose of The Target Program is:

- 1. To emphasize concerns for the health and safety of students while participating in activities and the long-term physical and emotional effects on their health.
- 2. To promote a sense of order and discipline among students.
- 3. To confirm and support existing state laws, which restrict the use of alcohol, drugs, and tobacco.
- 4. To establish standards for conduct for those students who are leaders and standard bearers among their peers.
- 5. To assist students who desire to resist peer pressure which directs them toward the use of alcohol, drugs, and tobacco or being present where such substances are being consumed, distributed, or used illegally.
- 6. To assist students who should be referred for assistance or evaluation regarding their use of alcohol, drugs, and tobacco.

The Target Program and Athletic/Activity Handbook cover:

- 1. Grades 9 -12.
- 2. In and out of school hours from the first day of fall pre-season practice through the completion of any spring state final.
- 3. In or out of any sport/activity seasons.
- 4. All high school clubs, organizations, athletic teams, and activities.

The Target Program and Athletic/Activity Handbook does not cover:

- 1. Students during the summer months.
- 2. Exceptions would be when students from Stillman Valley High School attend a summer sport/activity camp when Stillman Valley High School is used on the application form. Examples would be summer leagues or camps for basketball, pours, cheerleading, football, baseball, wrestling, volleyball, etc.

The administration, coaching/activity staff, and the board of education strongly support drug, alcohol, and tobacco free activities for the entire calendar year, not just the school year.

Possession: Drugs/Alcohol/Tobacco

Any student who is: using, buying, selling, delivering, or in personal possession of:

- 1. Illegal drugs which includes any type of mood altering drugs,
- 2. Legal drugs taken inappropriately,

7:240 Page 2 of 5

- 3. Tobacco,
- 4. Alcohol,
- 5. Any look-alike mood altering chemicals or paraphernalia, and/or is PRESENT where such illegal activity is being conducted, will be considered in POSSESSION according to the Stillman Valley High School Target Program. The question of present and therefore in possession will be determined for each student involved in the incident. Should an extracurricular participant find him/herself in a situation where illegal activities are taking place, that individual will be considered to be an active participant in those activities if he/she fails to leave the situation as soon as they become aware of those illegal activities.

Violations

When an investigation determines that a violation has occurred, the student will be suspended for at least ONE CALENDAR WEEK from all athletic contests and school activities that they are a member of including sponsored by organizations/activities listed in the athletic/activity handbook (homecoming dance, prom, and junior/senior banquet are not included). Students may practice with their team/activity, but will not be allowed to dress or participate in the competition/activity. The following process will be used in dealing with an alleged violation:

- 1. The principal or his/her administrative designee will investigate the alleged incident to get all the facts and determine whether a violation has occurred. The principal or his/her designee will notify the parents as early in the investigation process as possible.
- 2. If it is determined that a violation has occurred, the student and the parents or guardian will be informed of the violation of the TARGET policy.
- 3. The student and the parents or guardian will decide which option they will choose. This must be done in writing no later than seven days after parents have been notified of the violation. If this does not occur, Option 2 will be enforced.
- 4. If the student and the parents or guardian decide to take Option 1, agrees to schedule an appointment with a chemical dependency counselor with the scheduled suspension and must notify the principal or athletic director of the time and date of this appointment.
- 5. Violations cover a student's entire high school career.

First Offense

OPTION 1 - The student will be suspended for one calendar week. The student along with the parents or guardians agrees to be assessed by a student assistance Program (SAP) authorized and approved by the School Administration. (Refer to page 15-16 of the student handbook) The sole cost of this program will be the responsibility of the student and/or parent.

OPTION 2 - The student is suspended for six calendar months from being a member of all teams/activities.

PROBATION: A student may petition the principal or his/her designee if that student goes one calendar year without a second violation. If the students satisfies the probationary period and the petition is accepted, the student will be placed back at the zero violation step without the chance of probation. Probation is available only on the first offense. If probation is violated, the student will be placed at the second offense step.

The Assessment Process for Option 1

A student that chooses option one agrees to schedule an appointment with a chemical dependency counselor within the scheduled suspension and must notify the principal of the time and date of this appointment. The student must participate in the assessment process (the cost of any and all assessments will be the responsibility of the student and/or parents) and follow the counselor's recommendations to completion. If treatment or counseling is recommended, it must be completed

7:240 Page 3 of 5

with an Illinois-certified chemical dependency counselor. The student must waive his or her rights of confidentiality so that verification of this assessment and a written report can be given to the principal. It is the responsibility of the student and parents to keep the principal appraised of the student's progress throughout this entire process. The student must follow the prescribed program or the consequences of option 2 will go into effect immediately.

Second Offense

OPTION 1 - The student will be suspended six calendar months from being a member of all teams/activities. The student along with the parents or guardians agrees to be assessed by a Student Assistance Program (SAP) authorized and approved by the School Administration. (Refer to page 15-16 of the student handbook) The sole cost of this program will be the responsibility of the student and/or parent.

OPTION 2 - The student is suspended for twelve calendar months from being a member of all teams/activities.

Third Offense

OPTION 1 - The student will be suspended twelve calendar months from being a member of all teams/activities. The student along with the parents or guardians agrees to be assessed by a Student Assistance Program (SAP) authorized and approved by the School Administration. (Refer to page 15-16 of the student handbook) The sole cost of this program will be the responsibility of the student and/or parent.

OPTION 2 - The student is suspended for the remainder of his/her high school career.

Fourth Offense

The student is suspended for the remainder of his/her high school career.

Procedure and Review Process

In any cases involving violations of *The Target Program*, the following procedure shall be used:

- 1. The principal or his/her administrative designee will investigate the alleged incident to get all the facts and determine whether a violation has occurred. The principal or his/her designee will notify the parents as early in the investigation process as possible.
- 2. If it is determined that a violation has occurred, the student and the parents or guardian will be informed of the violation of the TARGET policy.
- 3. If requested, the principal or his/her administrative designee will conduct a hearing pertaining to the violation involving the parents/guardian and student. The student and parents/guardian will be given an opportunity to respond to any or all of the violation charges.
- 4. If the parents/guardians are dissatisfied with any penalty decision, they may set up a review with the principal.
- 5. If the parents/guardians are dissatisfied with any penalty decision coming from the principal, they may set up a review with the board of education.

Review of the Athletic/Activity Handbook

The Target Program will be reviewed annually as part of the athletic/activity handbook.

**The Athletic/Activity Handbook policy has been constructed to work in conjunction with the policies and procedures in the student handbook. The student handbook will serve as the primary resource for the extracurricular board in the event of policy or procedural questions.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Board goals.

Suicide and Depression Awareness and Prevention Program

The Superintendent or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program (Program) that advances the Board's goals of increasing awareness and prevention of depression and suicide. This program must be consistent with the requirements of Ann Marie's Law listed below; each listed requirement, 1-6, corresponds with the list of required policy components in the School Code Section 5/2-3.163(c)(2)-(7). The Program shall include:

- Protocols for administering youth suicide awareness and prevention education to students and staff.
 - a. For students, implementation will incorporate Board policy 6:60, Curriculum Content, which implements 105 ILCS 5.2-3.139 and 105 ILCS 5/27-7 (requiring education for students to develop a sound mind and a healthy body).
 - b. For staff, implementation will incorporate Board policy 5:100, Staff Development, and teacher's institutes under 105 ILCS 5/3-14.8 (requiring coverage of the warning signs of suicidal behavior).
- 2. Procedures for methods of suicide prevention with the goal of early identification and referral of students possibly at risk of suicide.
 - a. For students in grades 7 through 12, implementation shall incorporate the training required by 105 ILCS 5/10-22.39 for school guidance counselors, teachers, school social workers, and other school personnel who work with students to identify the warning signs of suicidal behavior in adolescents and teens along with appropriate intervention and referral techniques, including methods of prevention, procedures for early identification, and referral of students at risk of suicide.
 - b. For all students, implementation shall incorporate Illinois State Board of Education (ISBE)-recommended guidelines and educational materials for staff training and professional development, along with ISBE-recommended resources for students containing age-appropriate educational materials on youth suicide and awareness, if available pursuant to Ann Marie's Law on ISBE's website.
- 3. Methods of intervention, including procedures that address an emotional or mental health safety plan for use during the school day and at school-sponsored events for a student identified as being at increased risk of suicide. Implementation will incorporate paragraph number 2, above, along with:
 - a. Board policy 6:65, *Student Social and Emotional Development*, implementing the goals and benchmarks of the Ill. Learning Standards and 405 ILCS 49/15(b) (requiring student social and emotional development in the District's educational program);
 - b. Board policy 6:270, Guidance and Counseling Program, implementing guidance and counseling program(s) for students, and 105 ILCS 5/10-22.24a and 22.24b, which allow a qualified guidance specialist or any licensed staff member to provide school counseling services.

7:290 Page 1 of 3

- c. Board policy 7:250, *Student Support Services*, implementing the Children's Mental Health Act of 2003, 405 ILCS 49/ (requiring protocols for responding to students with social, emotional, or mental health issues that impact learning ability); and
- d. State and/or federal resources that address emotional or mental health safety plans for students who are at a potentially increased risk for suicide, if available on the ISBE's website pursuant to Ann Marie's Law.
- 4. Methods of responding to a student or staff suicide or suicide attempt. Implementation of this requirement shall incorporate building-level Student Support Committee(s) established through Board policy 7:250, Student Support Services.
- 5. Reporting procedures. Implementation of this requirement shall incorporate Board policy 6:270, *Guidance and Counseling Program*, and Board policy 7:250, *Student Support Services*, in addition to other State and/or federal resources that address reporting procedures.
- 6. A process to incorporate ISBE-recommend resources on youth suicide awareness and prevention programs, including current contact information for such programs in the District's Suicide and Depression Awareness and Prevention Program.

Illinois Suicide Prevention Strategic Planning Committee

The Superintendent or designee shall attempt to develop a relationship between the District and the Illinois Suicide Prevention Strategic Planning Committee, the Illinois Suicide Prevention Coalition Alliance, and/or a community mental health agency. The purpose of the relationship is to discuss how to incorporate the goals and objectives of the Illinois Suicide Prevention Strategic Plan into the District's Suicide Prevention and Depression Awareness Program.

Monitoring

The Board will review and update this policy pursuant to Ann Marie's Law and Board policy 2:240, *Board Policy Development*.

Information to Staff, Parents/Guardians, and Students

The Superintendent shall inform each school district employee about this policy and ensure its posting on the District's website. The Superintendent or designee shall provide a copy of this policy to the parent or legal guardian of each student enrolled in the District.

Implementation

This policy shall be implemented in a manner consistent with State and federal laws, including the Children's Mental Health Act of 2003, 405 ILCS 49/, Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/, and the Individuals with Disabilities Education Act, 42 U.S.C. §12101 et seq.

The District, Board, and its staff are protected from liability by the Local Governmental and Governmental Employees Tort Immunity Act. Services provided pursuant to this policy: (1) do not replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in suicide prevention, assessments and counseling services, (2) are strictly limited to the available resources within the District, (3) do not extend beyond the school day and/or school-sponsored events, and (4) cannot guarantee or ensure the safety of a student or the student body.

Community Relations

Community Use of School Facilities

School facilities are available to community organizations during non-school hours when such use does not: (1) interfere with any school function or affect the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. The District reserves the right to cancel previously scheduled use of facilities by community organizations and other groups.
