

## MEMO

**TO:** Weber School District Board Members: Paul Widdison, Kelly Larson, Douglas Hurst, Janis Christensen, Bruce Jardine, Jan Burrell, and Wyle Williams  
Superintendent Gina Butters

**FROM:** Jennifer Warren  
Student Services Director

**DATE:** July 22, 2025

**SUBJECT:** Request to Purchase Mental Health Platform - Healthfully

---

Student Services is requesting to renew the contract with our mental health platform, Healthfully.

State Statute 53F-2-522 sets standards for local education agencies (LEAs) to implement approved mental health screening programs for students in the areas of depression, anxiety and suicidal ideation with parent consent. This platform provides customized mental health and wellness resources and crisis response tools for our School-based Mental Health Therapists. This system of screening, recording, and analyzing the overall progress with those students served is crucial. Healthfully will also serve as the medical record for the district if a student received mental health services from any of the Mental Health Therapists on the team. Healthfully provides all of the components necessary for our Mental Health Therapists to perform their jobs: assessment tools; session notes; appointment scheduling; reports; log features for parent communication, observation, school related supports & communications; and is a secure HIPAA compliant system protecting student records.

The cost for the 2025-2026 school year is \$43,200. USBE provides an annual grant opportunity to apply for funds to support the implementation of screenings. The annual grant amount for 2024-2025 was \$71,000. Currently, grant applications are not yet open. However, we will seek to apply for the grant again for the 2025-2026 school year to cover a portion of the associated cost. Thank you for your support of our Student Services Department and Mental Health Therapist team.
