4:60 Purchases and Contracts

The Superintendent shall manage the District's purchases and contracts in accordance with the law, the standards set forth in this policy, and other applicable Board policies.

Standards for Purchasing and Contracting

All purchases and contracts shall be entered into in accordance with applicable federal and Illinois law. The Board Attorney shall be consulted as needed regarding the legal requirements for purchases or contracts. All professional services contracts greater than \$10,000 shall be approved or authorized by the Board of Education.

All purchases and contracts should support a recognized District function or purpose as well as provide for good quality products and services at the lowest cost, with consideration for service, reliability, and delivery promptness, and in compliance with State law. No purchase or contract shall be made or entered into as a result of favoritism, extravagance, fraud, or corruption.

Adoption of the annual budget authorizes the Superintendent or designee to purchase budgeted supplies, equipment, and services, provided that State law is followed. Purchases of items outside budget parameters require prior Board approval, except in an emergency. Notwithstanding the above, the Superintendent shall not commit to any single, non-customary purchase or expenditure, excluding personnel, of greater than \$10,000 without prior Board approval.

The Superintendent or designee shall: (1) execute the reporting and website posting mandates in State law concerning District contracts, and (2) monitor the discharge of contracts, contractors' performances, and the quality and value of services or products being provided. Bids shall be sealed and shall be opened by the Associate Superintendent or designee in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

- A. The quality of the item(s) to be supplied;
- B. Conformity with specifications;
- C. Suitability to the requirements of the District;
- D. Delivery terms;
- E. Past performance of the vendor.

The District reserves the right to reject any and all bids.

In order to promote efficiency and economy in the operation of the District, the Board requires that the Superintendent or designee periodically estimate requirements for standard items or classes of items

and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before the Associate Superintendent places a purchase order, he/she shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the District. All purchase orders shall be numbered consecutively.

In the interest of economy, fairness, and efficiency, in its business dealings, the Board requires that:

- E. Upon placement of a purchase order, the Associate Superintendent or designee shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of the budget.

The Board may acquire equipment by lease, by installment payments, by entering into lease purchase agreements, or by lease with an option to purchase, in accordance with law.

The Superintendent or designee shall seek at least two (2) price quotations on purchases of more than \$10,000 for a single item, except in cases of emergency or when the materials purchased are of such a nature that price negotiations would not result in a savings to the District.
