General comments, notes, and observations

Dr. Ed Condon and his staff are to be commended for their outstanding preparation for the Compliance visit. It was obvious from the minute we arrived that a positive climate and culture have been established. We have been working with Ed for the past couple of months on the compliance visit as he has been working diligently on completing the compliance visit with fidelity and professionalism. We can't thank him and his staff enough for the work and efforts they have put into this visit with West 40. River Forest School District 90 provides an outstanding educational experience for the students and this is evident through all the evidence provided.

Thank you for making the compliance visit a success and an enjoyable experience. We appreciate all your support and efforts!
