**Re: Special Education Services Agreement between South Central Service Cooperative and WEM Public Schools**

This Agreement serves as a summary of costs related to Vision, Audiology, and Orientation and Mobility for FY21.

The Region 9 Special Education units purchases these services cooperatively.

Be aware, you are ONLY billed for the costs of salaries and benefits for the staff related to these disability areas. The Low Incidence Project offsets your costs by paying for all travel, professional development, technology needs, and all materials/instructional supplies required to provide service to your students (unless IEP specific). This is a substantial benefit to you, as a member district.

**The invoice is included with this notice.**

**WEM Public Schools**

	<b>Vision</b>	<b>Audiology</b>	<b>O &amp; M</b>

Total	\$13,934.18	\$ 3,114.97	\$ 1,909.91
