

Athletic Admin Report 1/6/14

As the New Year arrives, we are preparing to be as successful and more so for 2014. We are starting district play and planning for two district championships to come out of it in Basketball. Several of our athletes were nominated to all-state teams in football that will be named in February. Plans for a successful spring are being put in motion as record numbers have been registering for each sport. We continue to strive to promote excellence in Academics, Athletics, and Behavior in all our programs and young people. We are building leaders of tomorrow with each chance to teach them another life lesson and prepare them for the world. We continue to look at where we can improve each and every program from Training, Facilities, Equipment, and Competition. Brackett Athletics is striving to a bright future with the wonderful support of the School and Community.

James L. Richardson
Brackett ISD
