

Unity School District
Administrative Rule 460.2
Student of the Week
3/14/2023

Student of the Week is a program that celebrates student success with the students, parents, and community. The Student of the Week program encourages all students to meet or exceed the expectations of student achievement.

Any changes to the eligibility or selection criteria require the approval of the District Administrator.

Eligibility and Selection Criteria:

1. The student may not have received a school suspension, which includes activity, bus, summer school, and event suspensions, in the current and previous trimester.
2. The student may not have received more than one minor disciplinary referral in the previous month of school.
3. The student must be in good academic standing in all of their classes, without any failing grades in any of their classes.
4. A student's selection as a student of the week once during an academic year does not preclude them from being awarded it another time during the year. Students may only be selected for the award once during a trimester period.
5. The building principal is assigned the responsibility to develop selection criteria for Student of the Week that incorporate academic excellence, leadership, citizenship, and character. Such criteria must be provided to the District Administrator.

The Student of the Week may not be selected by rotation, drawing, or random assignment.

Each school is required to maintain a list of the students who have been awarded Student of the Week, as well as the corresponding date. The list must be provided to the District Administrator upon request. The list must be provided to staff who are assigned selection duties during each period of selection, so they are aware of who has received it previously.

The selection of each Student of the Week requires the approval of the building principal prior to the selection and announcement.
