#### Background Information

The attached document is generally included as an attachment to the Employee Handbook. It was not included earlier because of changes this year with regard to Distance Learning. An additional column was added to the document to reflect expectations when Distance Learning is implemented as allowed by the State this year due to the pandemic. Representatives of certified bargaining groups, administrative team members, and Personnel Committee members reviewed the document.

#### Recommendation

I recommend approval of the "Employee Responsibilities During Emergencies" document as presented.
