

SCIENCE ADOPTION

NEW SCIENCE STANDARDS

- New standards in rulemaking--Spring of 2021
- Major changes
 - Middle School Earth Science moves from 8th to 6th grade
 - 9th gr. Physical Science moves to 8th Grade
 - 9th grade becomes High School Earth Science
 - Significant movement of within K-5
- New pedagogy

	2019-20	2020-21	2021-22	2022-23	2023-24 Full implementation	
K	Review material	Pilot and adopt	Implementation			
1 st	Review material	Pilot	adopt	Implementation		
2 nd	Review material	Pilot		adopt	Implementation	
3 rd	Review material	Pilot and adopt	Implementation			
4 th	Review material	Pilot and adopt	adopt	Implementation		
5 th	Review material	Pilot and adopt		adopt	Implementation	
6 th	Review material	Pilot and adopt	Implementation			
7 th	Review material	Pilot	adopt	Implementation		
8 th	Review material	Pilot	adopt	Implementation		
9 th	Review material	Pilot	adopt		Implementation	
10 th			Review material	Pilot and adopt	Implementation	

THINGS TO CONSIDER

- ✗ Current curriculum very old
 - MS = Copywrite 1999 (21 yrs old)
 - Some ES 20 yrs
- ✗ K – 5 to share or not to share? (Science Kits)
 - Best practice is not to share
- ✗ Upgrade to 8th grade labs
- ✗ Budget at one or over 3 years
 - Worry over 3 years dollars won't be there
- ✗ Passed curriculum adoptions have been fully funded

BUDGET?

Ideal budget about \$1.3 million
