

## PUTNAM COUNTY COMMUNITY UNIT SCHOOL DISTRICT #535

### Information for the Board of Education

---

**Meeting:** October 21<sup>st</sup>, 2025

**Item:** Facilities Proposal from Larson & Darby Group

**Recommendation:** I recommend the Board of Education approve the proposal from Larson & Darby Group for a cost of \$33,920.00. This proposal reflects the direction of the Board of Education as discussed at the regular meeting in September 2025. Specifically, the proposal includes the following:

1. Preliminary/Conceptual Design – PCES – Review of teaching and learning aspects of the building with appropriate stakeholders and three options of initial conceptual designs
2. Preliminary/Conceptual Design – PCJH – Review of teaching and learning aspects of the building with appropriate stakeholders with focus on renovations using the existing facility footprint

The Board of Education should also consider the following:

- Collaborating with the environmental engineer to determine estimated costs for hazardous materials remediation (i.e., asbestos) based on the designs
- Need or desire for exterior renderings of conceptual design options for PCES at \$6,900.00 per design
