

BEEVILLE ISD

Confidential
and
Proprietary
Energy Education, Inc.

1.

No capital outlay

Avoid debt and interest payments because our program utilizes people, not mechanical changes, to save energy.

2.

No new budgeted funds

No client district has ever budgeted any new money to hire Energy Education, Inc. Our fees and your energy educator's salary are paid out of your existing utility budget. Therefore, hiring Energy Education, Inc. is not a spending decision, it is a Savings Decision.

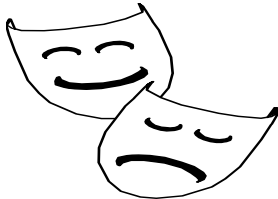

3.

Contractual Guarantee

Our contract guarantees that you will save at least the costs of the program or we will write you a check for the difference. This makes our program a "win-win", no risk decision.

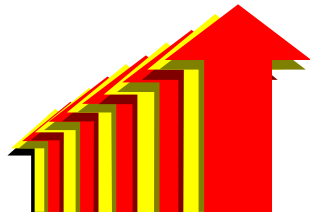

4.

No comfort sacrificed

Our program is based on comfort, not discomfort, during the instructional periods. The program focuses on eliminating non value-added energy consumption.

5.

Limited Investment - Perpetual Savings

Even after the contract term, Energy Education's experts will continue to review data monthly and visit your district periodically - **at no further cost to the district.**

6.

Bottom Line...

\$1,009,945

Total Net Savings in the next 7 years to the **Beeville Independent Public School's** budget that otherwise will be paid to the utility companies.
