Consolidated Federal and State Grant Application (CFSGA)

I have been working with Nampa Christian Schools as part of our Equitable Services to Private Schools. Any private school that is serving economically disadvantaged students from our district is able to request federal funds. We are working on a needs assessment to help identify how their portion of our funds will be spent.

RK-12 Grant

As part of our PBIS work with Boise State teams from each building participated in the second round of training associated with our RK-12 pilot. Teams learned about Tier II of PBIS implementation and built action plans for continued support around Tier I and rollout of Tier II. All three days of training were facilitated by Dr. Teri Lewis, an expert in the advanced Tiers of PBIS.
