**Principal's General Narrative:**

We have had a very good start to the new school year. Football, Cross Country, Volleyball, Band, and Cheerleader activities are underway. Students, coaches, and Directors are working hard to represent the school at a high level in all of these endeavors. We have a small number of students who have been discipline issues early on and they are being dealt with according to the Code of Conduct and the guidelines in place. Hopefully these students will learn from the consequences they have faced.

I believe we are on track to have a very successful year. The high school faculty, as always, would like to express our appreciation for the support and leadership from the school board, superintendent, and everyone in the central office. Thanks.
