

IX. NEW BUSINESS**Action****Camp Possibility for Summer 2012**

**Mrs. Dale Warriner
Director of Federal Programs**

Permission is requested for consideration and approval to offer a federally funded Camp Possibility to the homeless students who are served by three shelters within the Tupelo Public School District, as well as students who are homeless though not served by the shelters. Camp Possibility is a summer enrichment camp that will serve students grades 3-11. The enrichment experiences include: project based learning, fieldtrips, social skills training and hands on activities. Students will arrive at 7:30 for breakfast and return home following lunch at 12:30, with the exception on Fridays when field trips will extend the time to 4:00. Students will be served by licensed staff. Support in readiness, remediation and the relationships established will serve to strengthen the success and retention of homeless students.
