Survey Pre-Work

2025–26 Certification of Provision of Instructional Materials

In accordance with <u>Texas Education Code 31.1011</u>, local educational agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) Section 28.0022; (iii) Section 43.22, Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The TEKS Certification 2025–26 Survey includes a section to allow LEAs to certify they meet this requirement.

Like last year's process, the agency will utilize the following tools:

Certification 2025-26 Form:

Printable, hard copy of the survey to be completed offline and presented to the board of trustees or governing body for ratification and signatures.

Certification 2025-26 Survey:

Web-based application where LEAs will submit their responses collected on the TEKS Certification 2025–26 Form, and where LEAs will upload the signature page of the Form.

This year's Certification Process requires:

- The completion of the Certification 2025–26 Form;
- Ratification by the LEA's board of trustees or governing body in an open, public-noticed meeting; and
- Submission of the Certification 2025–26 Survey and upload of the ratified Certification 2025–26 Form.

TEA recommends that LEAs complete these steps by **May 1, 2025**. The Certification 2025–26 Form can be accessed at the following link on the <u>Certification of Provision of Instructional Materials webpage</u>.

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 28, 2025, and is scheduled to reopen on May 15, 2025. <u>Completion of the Certification Process is required to regain access to allotment funds when EMAT reopens in May of 2025.</u>

Certification 2025–26 Survey submissions received after May 15, 2025, will typically be processed within five business days, then access to EMAT provided.

Instructions to Complete the Certification Process for 2025–26
