

**SUBJECT:** Consideration and possible approval of the District Improvement Plan for the 2025-2026 school year.

**BACKGROUND:** The District Improvement Plan (DIP) reflects the vision of the District Strategic Plan. The DIP includes specific actions to improve instruction, curriculum, instructional materials, staff development, technology, parental involvement and the recruitment and retention of highly qualified staff. These actions will prepare the district for changes related to college and career readiness, strategic planning, and accountability standards. Timelines in the plan provided a framework for improvement over a two-to-five-year period. The plan will be continuously reviewed and revised based upon needs assessments, data trends, and other relevant information.

**FINANCIAL IMPLICATIONS:** Implementation costs are included in local and federal budgets.

**RECOMMENDATION:** We recommend approval of the District Improvement Plan for the 2025-2026 school year.
