

Review of Strategic Priorities and Goals

1. Background:

Southwest ISD Superintendent along with the Board of Trustees created a plan to achieve targeted strategic priorities and established goals for the 2024-2025 school year. Discussion and work sessions were utilized to develop strategic priorities and goals that align with the District's vision and mission. The Superintendent's Strategic Priorities are used to establish clear goals for driving decisions for resource distribution, funding, initiatives, and evaluation of the superintendent. Annually the Superintendent's Strategic Priorities will be reviewed and updated to align with the priorities for the school year.

2. Process:

After the Strategic Priorities and Goals were established, divisions were assigned as each indicator to ensure that goals were monitored and reported on at senior level meetings. In addition, a dashboard was created to ensure full accountability and transparency in the progress of each activity towards achievement of the established goals.

3. Fiscal Impact:

None.

4. Recommendation:

Item of Information.

5. Required:

NA.
