

# PAEMST

## An Experience in Growth Mindset

The Presidential Award inspires my students that with **effort**, PERSEVERANCE, and **motivation**, you can achieve your goals. This award has afforded me the opportunity to reflect on the support of other educators, parents, and community members who encourage me to continue to strive for excellence in science instruction. My passion and joy is to bring the excitement of being a scientist to all students. I am filled with gratitude and humility that my energy and high expectations are recognized.

John P. Holdren, assistant to the president for science and technology.

Joan Ferrini-Mundy, NSF director for Education and Human Resources.

P

Persistence and Practices

A

Active learning for all.

E

Effort and Equity. Every student succeeds.

S

Science + Special Education = Success! Don't forget the Smores.

M

Motivation and Mindset.

T

Technology and Teamwork
