

East Aurora School District 131 is pleased to recognize the success of our partnership with First Alt during the 2024–2025 school year. First Alt, powered by First Student and a recognized leader in school bus transportation solutions, has provided innovative and reliable services that meet the evolving needs of our students.

Through this collaboration, our district has maintained high standards for the transportation of McKinney-Vento students, ensuring they receive safe and timely services comparable to those of their peers. First Alt’s dedication to assigning students the same driver each day has fostered comfort, stability, familiarity, security, and trust for both students and their families.

In light of the success of this partnership, East Aurora School District 131 proposes to extend our current one-year agreement with First Alt to a three-year contract. This extension would align with our existing First Student contract, allowing both agreements to be renewed simultaneously and providing continuity of service for our students and families.

We appreciate First Alt’s continued commitment to excellence and look forward to strengthening this partnership for years to come.
