Dear Dr. Cox

It is that time of the year where we are making contact with School districts and sharing our annual program report for your information.

A couple of year's back I came visiting briefly with you about Head Start/Early Head Start programs and provided you the report at that time. Knowing that you are aware of the program and that we have enjoyed a successful history of collaboration with the district I am dropping off the current report for you to review at your leisure. If you have any further questions feel free to make contact and I would be glad to meet with you.

We welcome you or any of your staff to visit the program.

Sincerely,
