

Memo

To: Superintendent Gina Butters, Weber School District Board of Education
From: Dr. Jennifer Boyer-Thurgood, Technical Services Director
CC: Dr. Robert Petersen, Dax Teuscher
Date: July 28, 2024
Re: Purchase Request- VMWare

The VMWare Cloudware contract is due for renewal. VMware is the basis for the virtual server environment that serves as the backend of our phone system, Business +, and other primary district systems. The contract pricing for this year was negotiated heavily by a combined technology group from around the state of Utah.

At this time I am requesting board approval for the purchase of VMware Cloud Foundation 5 on the three year contract. The annual cost of this purchase will be \$82,000. This purchase falls under state contract. All Weber School District procurement guidelines will be followed for this purchase.

Thank you for your consideration of this purchase. As always I appreciate your continued support of technology in the district. If I can provide further clarification or answers to questions, please contact me at 801-476-7980.

Thank you,

Dr. Jennifer Boyer-Thurgood
