Re: Zonar Systems

I am recommending to upgrade our buses' Zonar GPS systems to help with transitioning to a 4G Network. Currently, our buses use the 3G network for the GPS systems and 3G will become unavailable February 2022. Our GPS systems currently are not 4G compatible. This upgrade will be a one time cost of \$12,690 and extend our contract with Zonar two (2) more years.

Thank you for your consideration.
