Re: Tech Plan Purchase

Please submit this purchase information to the BOE for the January 12, 2014 meeting.

The Technology Staff are continuing to implement the components of Technology Capital Outlay Plan previously approved by the Board of Education. As was outlined to the BOE this past spring, several of the district computers are aging to the point that they are no longer effective. In addition, these older computers are not capable of being upgraded to Windows 7 and therefore will no longer be supported through Microsoft updates come April 2014.

In order to provide our teachers functioning portable computer equipment the following HP laptops and tablets will be purchased using the IL State Contract pricing. This purchase will be made through our HP partner, Heartland Business Systems.

QTY	Model	Cost
20	HP 9470 laptop	\$ 16800
18	HP 810 Convertible Tablet	\$ 19170
38	Docking Station	\$ 5282
38	Extended Warranty	\$ 1938
		\$ 43190

Please note: This purchase is only a portion of the devices needed to upgrade our existing inventory. Additional orders will be placed throughout the second semester of the 2014 school year.
