Photos & Description of Activities and Events

Wow! What a month with Spirit Weeks, Basketball Scrimmages, Valentine's Day, and Basketball Districts we may be tired but we had so much fun. Our community really rallied together to make sure that our students, schools, and all those traveling in would have a safe, fun, and fulfilling time. We had LPSD coaches and staff

come in and assist with the Basketball Districts. People like Ed Lester, Superintendent Kasie Luke, Patty, etc... did a great job connecting with staff supporting the community. Student store earned over \$2,500 in profit!

Classroom Highlights

In the K-5 Classroom students are learning reading, writing, and arithmetic. Preschoolers are learning how to segment words and rhyme, problem solve and language vocabulary. Elementary is working on opinion writing and Sonya Shelley says they all will do well on that writing piece! All 5 levels have finished their math units and are moving on to the next one which will include money, angles, measurement, and fractions. Secondary students are working on their Alaska Studies, Science and Earth Forces, Kinetic Energy, and in History the Civil War.

LSAC Activity

LSAC did not meet for the month of February other than to discuss volunteers for Basketball Districts. Our next meeting will be March 05, 2025 and we will discuss end of the year celebration, picture day, calendar, and other concerns brought to us by parents or community.

Community Engagement

February brought a time for preparation as Chignik Lake has not hosted a ball game here in some time. This most definitely would not have been possible without the help of our staff and volunteers. Natalie Lind and Inez O'Domin cooked and cleaned for our breakfast, lunches, and dinners, everyone enjoyed it! Clinton Boskofsky kept the school in good shape and we had no major maintenance issues with him on site and he coached our kids in basketball. We had volunteers come in like Diane Christensen, Devin Kosbruk, Andrew Lind, Rona Lind, Miranda Lind, Marty Takak who brought enokuks: and so many more who worked hard behind the scenes to make this event successful.

**Professional Development**

Our preschool teacher got to fly out and learned so much at the conference in Anchorage about teaching small and mighty minds thanks to Amber Kresl. Wednesday Literacy proves beneficial to provide our elementary reading teacher the instructions, expectations, and time to properly perform interventions throughout the school day, and most of the teachers have completed their elearning modules for April testing that's just around the corner.

Pupil % Attendance K-12

Attendance for LAK was 79% for the month of Feb.

Student and Staff Safety

No safety concerns at this time. Monthly fire drills are still continuing as planned.
