

**INTERAGENCY COOPERATION FOR STUDENT AND STAFF SAFETY**

Students and staff have a right to feel safe and secure within the school environment. The Board recognizes that a safe school environment can be furthered by cooperation between the district and other agencies, including law enforcement. The district will actively facilitate such cooperation, including the sharing of criminal information as allowed by law. The Superintendent or designee shall work with appropriate agencies for the sharing of information as may be necessary to protect the safety of school students and staff.

A teacher, teacher's assistant, principal, or other person responsible for students who receives information about a student that may affect the safety of students or staff, including information from other agencies, shall disclose such information in accordance with the procedures developed by the Superintendent.

Staff members who, in the course of their employment, observe a student committing a crime shall report the crime to local law enforcement. The staff member shall also immediately report the crime to the Superintendent.

Programs and activities designed to enrich district curriculum and to develop and promote good citizenship and a healthy attitude toward law enforcement agencies and officials will be encouraged by the district. Law enforcement participation in such programs and activities is encouraged.

Law enforcement officials may enter school facilities if a crime has been committed on district property or to investigate matters concerning staff and students upon request initiated by either agency officials or by district administrators.
