

PROGRAM FOR ACADEMICALLY TALENTED STUDENTS

The Geneva Schools are committed to providing learning programs ~~appropriate to a wide range of individual differences among~~ **which meet the needs of all** students who attend its schools.

The District shall provide a program appropriate for ~~able and talented~~ **academically advanced** students.

This P provision may include special enriched activities and materials within regular classes, special activities and classes for which students ~~qualify~~ **are enrolled** by defined criteria; and activities, opportunities for independent study, and classes designed to promote interest, challenge and skill development. A special effort shall be made to provide learning experiences of progressive depth and difficulty as students advance in the schools.
