TEAMWORK & COOPERATION

STRIVING FOR EXCELLENCE

TIKIGAQ POWER – TIKIGAQ PRIDE

Our students need us to be unwavering in our belief in them and need each one of us to do our very best.

Working together is essential to Tikigag School and Student Success.

To what will prove to be a year to remember, let us ALL begin rowing and pulling TOGETHER!

“The way a team plays as a whole determines its success. You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime.”

A Few Goals:

- Create a “culture of literacy” resulting in increased interest in reading, improved comprehension, and yearly growth.
- Foster a culturally responsive mindset in staff when developing any lesson plans and learning activities.
- Minimize use of out-of-school suspensions and reduce length of suspensions.
- Increase teacher retention; goal of 100%.
