

Livonia Public Schools

Secondary Programs & District Services

DATE: March 15, 2022

TO: Andrea Oquist, Superintendent of Schools

FROM: Daniel R. Willenborg, Director of Secondary Programs & District Services

SUBJECT: LCTC GRANT PURCHASE

During the BOE Study Session of March 7, 2022, I provided notification of three potential LCTC purchases. We were not able to secure consortium pricing on two of the items so those items have gone out for bid and will be moved to the April cycle of BOE meetings. The Teleskid Tractor has been priced through MiDEAL Consortium pricing and will continue on the March cycle of BOE meetings.

The Teleskid Tractor is a Bobcat-like. sub compact tractor that will be utilized by our Construction Trades classes at the Livonia Career Technical Center. It is useful in almost every phase of construction such as site grading, large material handling, lifting walls, setting trusses, digging, and debris removal.

The Teleskid Tractor is being purchased from 61C Grant funds which are set aside by the State in support of Career Technical Education. This is not a General Fund purchase and has been priced at \$111,625.25.

Please include this for further discussion during the Committee of the Whole meeting on March 21, 2022.
