I have done a survey and found we have enough books to cover all our students for next year. We have a couple Math books that are pretty worn out but have always been able to find a quick replacement on Amazon or Ebay.

We are going to need desks and chairs for one classroom next year as we are expanding to one more full class for 5th grade. Our desk and chair inventory has been cleaned out and we are in search in-district for desks and chairs.

I have put in a request for repair to the front blacktop where the buses pick up our students.

Roof is being repaired many more times a year than in previous years and we are aware any more years we can get out of this roof is marginal.
